

COVID19

Response & Reopening Sector Specific Training

Many organizations are looking for clear and simple direction regarding employer/employee training for the COVID19 reopening effort.

We've completed a program that will make it easier for all during this difficult adjustment period. With Governor Baker's latest announcement, your team may have found themselves overwhelmed or scurrying around trying to figure out what this means for your office – wondering how to actually put consistent strategies in place.

Our COVID19 Response and Reopening Sector Specific Training boils down the new requirements for offices so *everyone knows exactly what they need to do and how to do it.*

Get practical solutions and the tools necessary to adhere to the state's new requirement for self-certification.

2-PART 'ZOOMINAR' TRAINING

Through our industry specific training, we will provide instruction and creative strategies for compliance, equipping everyone with exactly what is needed to be prepared to open – providing a work environment that is safe, comfortable and productive

YOUR STAFF

The first hour-long portion with the staff equips them to thrive in the *"new normal"*

This is done by educating all about the recent mandates and protocols for offices and by focusing on practical ways to adhere to these safety guidelines. We will discuss the benefits of all employees being on-board, willing to cooperate and respectfully interact.

YOUR LEADERS

This is followed by a 30 minute session with those in lead roles – enabling them to confidently set the standards by developing protocols to keep everyone safe

We will explore ways for supervisors to be supportive of those on their team and to be alert to the anxieties that exist around COVID19, so productivity and teamwork aren't negatively impacted.
